Learn about meaningful and relevant topics to bring into your curriculum that address national standards and district expectations.

Network with teachers from around the Basin in Québec, New York & Vermont.

Have fun and get outdoors!
WEC is like camp for teachers: You'll travel the Basin, visit farms, paddle waterways, look out over mountain tops, tour urban areas and much more!

Plan curriculum with new ideas and resources.

Join the hundreds of educators who bring their discipline alive through watershed education!

[Watershed for Every Classroom](#) is a project of the Champlain Basin Education Initiative. (CBEI). The partners include the Lake Champlain Committee, Shelburne Farms, the Lake Champlain Basin Program, UVM Watershed Alliance/Sea Grant, Our Curriculum Matters, Lake Champlain Maritime Museum, Community Sailing Center, ECHO, Leahy Center for Lake Champlain and others working to promote environmental and place-based education throughout the Lake Champlain watershed.
